

# PYRAMID SKYLITES

SUITABLE FOR HORIZONTAL APPLICATIONS eg. DECK, CONCRETE HOB AND PREPARED UPSTANDS

## FEATURES

- **Pyramid Skylites** are available in acrylic, Hi-Impact acrylic and polycarbonate tops. (Size of skylight may determine the type of material used). Clear and tinted tops available
- Metal base frames are available in zinc, colourbond or galvanised finishes
- For concrete upstands, the metal base frame can be made to required specifications
- **Pyramid Skylites** give designers and architects great flexibility to enhance their building's internal and external appearance
- Suitable for and used extensively in shopping centres, domestic and commercial applications
- **Pyramid Skylites** can be easily assembled as multiple units using the details above, however, they must be mounted on a metal support frame, which allows for water drainage between units

STANDARD SIZE RANGE	
Throat Size (mm)	Height (mm)
475 x 475	300
575 x 575	360
775 x 775	480
875 x 875	540
1045 x 1045	640
1075 x 1075	300
1095 x 1095	670
1295 x 1295	600
1475 x 1475	900
1700 x 1700	450

Suitable for horizontal applications eg. deck, concrete hob and prepared upstands. Compensation would have to be made if the roof pitch exceeds 3° by fabricating a hob.
