1500 x 800
2200 x 800
2700 x 800
2700 x 1200

Classic

Rectangle

Also note that we custom make

The Designerlite Ceiling Dome by Atlite Skylites is manufactured from selected timber finishes. Supplied in most timber stains or in a painted architectural finish, the designerlite is then finished off with a large selection of stained glass overlay (leadlite) or with simple but elegantly styled textured glass. Designed to suit any room in your house the Designerlite can be installed with internal light fittings to provide lighting at night as well as eliminate any unnecessary clutter in your ceiling.
