- Can also be supplied as ventilated or non-ventilated
- For rectangular units indicate whether fitting will be running down or across the roof
- Can be fitted with exhaust fans fitted into tops if required

DOMELITE WITH EXHAUST FAN

TYPICAL DOMELITE INSTALLATION (TILE ROOF)

The solution to the problem of exhaust fan installation in rooms where a skylight has already been, or is about to be fitted eg. bathrooms, kitchens and laundries, a Lenco Skylight Exhaust Fan helps maintain air freshness while keeping the walls and dome of the skylight cleaner. The fan is simple to install in both glass and acrylic skylights.

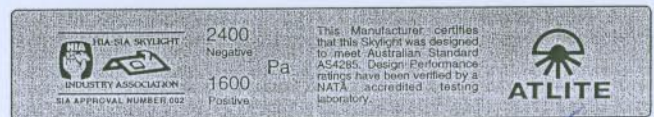

PRODUCT CODE	E7WM / 178mm	E10WM / 254mm
AIR MOVEMENT	205m ³ /HR	480m ³ /HR
AMPS	0.2	0.4
