

# Atlite Skylights

'Sky's the limit'

## Envirolite

The Atlite Envirolite Single Glazed Glass Skylight is a stylish skylight that provides all the features of an open plaster skylight without the price tag of double glazing. It's low profile, and excellent roof-top appearance makes this a featured skylight for anyones home. The envirolite can be manufactured any size, any shape, any colour. Replace your existing acrylic skylight today with a new envirolite and it won't cost you any more than what you would normally spend on an acrylic skylight.

- Low profile smart looking design
- Single glazed glass skylight
- Lightweight, easy to handle
- Economical yet stylish
- Same appearance as double glazed glass skylight
- Laminated glazing provides up to 90% u.v protection
- Glass available in Clear, Opal, Bronze Tint, Grey Tint, Blue Tint and Solar Cool Evergreen
- Suits all roof pitches - NOT restricted to a minimum pitch.
- Fixed and non-openable, but available in custom-made sizes without any cost penalty
- Zinalume Finish as standard. Galvanized Iron or Colourbond Finish on request
